RE: Letter of Recommendation – FACE Malawi

Dear Sir/Madam

I write to certify that Foundation for Active Civic Education (FACE) has been our local implementation partner for Irish Aid Fund Project; *Integrated Health, Economic and Food Security* in Nsanje from 2012 to date. Under this partnership, FACE has been implementing various interventions on Nutrition, WASH, Livelihood and Economic Empowerment in TA Mbenje and Mlolo.

FACE's technical capacity to implement projects at local level is good. They are a partner that is willing to learn and take on new challenges.

Should have you have further questions or require more details; please do not hesitate the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'P. Sackett'.
